## Local Rail Union Chiefs Issue Actual Strike Call

SAN FRANCISCO, Oct. 27.—A general order calling for the cessation of work at 6 a.m. Sunday, and inaugurating a country-wide railroad strike which will tend to tie up the transportation lines of the nation, have been issued to local chiefs of the "big five," which includes the engineers, conductors, firemen and enginemen, brakemen, and switchmen, it was announced.

Simultaneously with the issuance of the strike orders, which have the tendency to tear down any hopes of a truce between the two factions, G. W. Kern, chairman of the Pacific Coast Division of the Brotherhood of Railway Firemen and Enginemen, declared that the strike cannot be halted now except by the railroad companies themselves.

The general impression has been created that the railroad brotherhood chiefs are calling the strike," said Kern. "That is not so. It was agreed at the meeting that the strike would be called if the wage reduction announced by roads was not recalled or placed into arbitration, where it would have a chance for a just settlement. The chiefs are not calling the strike and cannot stop it. The action is entirely up to the men themselves."

**WORDING OF BALLOT.**

The strike ballot, upon which the men of all railroad lines in the United States voted, contains over 4000 words. Every railroad man in the country, whether a member of the brotherhood or not, was given a ballot, instructed to read it carefully and then vote. The wording of the ballot upon which the individuals were recorded follows:

"I have personally read the foregoing statement regarding the wage reduction authorized by decision No. 147 and addenda thereto of the United States Labor Board, and hereby authorize the chief executive of the B. of L. E. B. of L. F. & E. O. R. C. and S. U. of N. A. to act as my agents and attorneys in dealing for a settlement of these questions, and if the said chief executives and general chairman are unable to otherwise effect a settlement satisfactory to them I hereby cast my vote (for or against) a strike."

**WORDING BY SPROULE.**

Matters pertinent to the present situation of the railroads and the proposed railroad strike, as well as the broad question of freight rates on lumber, were touched upon yesterday by William Sproule, president of the Southern Pacific company, in an address before the Pacific Loggers' Congress in convention in San

## HUNGARIANS GET NEW WAR THREAT OVER EX-RULER

"Little Entente" Demands Ex-King's Surrender in the Next 48 Hours.

By ASSOCIATED PRESS  
LEASED WIRE TO TRIBUNE

LONDON, Oct. 27.—The "little entente," composed of Rumania, Czecho-Slovakia and Yugoslavia, has despatched a note to Hungary demanding the surrender of former Emperor Charles, the demobilization of the Hungarian army and reparations sufficient to defray the expenses of the little entente's mobilization, according to a Vienna despatch to the Central News Agency today. Unless Hungary replies satisfactorily within two days, the little entente troops will enter Hungary, the despatch said.

The resolution censuring the premier for his Irish policy was introduced by Unionist members of Com-

The House of Commons regards the premier's statement as a direct challenge to the irreconcilable Unionists who are attempting to wreck the peace conference. The irreconcilables are charged with attempting to break down the truce in Ireland.

PARIS, Oct. 27.—Mobilization preparations are proceeding everywhere in Czecho-Slovakia, Premier Benes told the Chamber of Deputies in connection with the little entente's ultimatum to Hungary, according to a despatch from Prague today to the Havas Agency.

By INTERNATIONAL NEWS SERVICE  
LEASED WIRE TO TRIBUNE

LONDON, Oct. 27.—The interallied council of ambassadors today decided that former Emperor Charles will be interned on a British monitor in the Danube until the allied governments agreed to his final disposition. The monitor is already at anchor opposite Budapest.

The ambassadors will meet again on Saturday, when it is expected a final verdict will be reached.

VIENNA, Oct. 27.—Former Em-  
peror Charles was still in custody of the Hungarian government today and had not been turned over to England, according to information received here from Budapest.

Charles and Zita are both "broke." It is understood that they pawned all their jewels to raise money for the monarchist coup.

Charles pledged all his medals and insignia of royal orders, including the "Star of the Golden Fleece."

By ASSOCIATED PRESS  
LEASED WIRE TO TRIBUNE

LONDON, Oct. 27.—Under no circumstances will former Emperor Charles of Austria-Hungary be allowed to come to England. This was the answer in official circles to a reported desire of the ex-emperor to accept exile in the British Isles and take up life there as a country gentleman.

BY INTERNATIONAL NEWS SERVICE  
LEASED WIRE TO TRIBUNE

ATHENS, Oct. 27.—The collapse of Charles' monarchist attempt in Hungary resulted in anti-national demonstrations against King Constantine today. The Greek rebels have taken heart from the British intervention in the Danube and are increasing their activities.

The result of the Irish peace conference will be submitted tomorrow for approval before the settlement is made effective. Premier Lloyd

George announced in the House of Commons this afternoon. The premier said it was impossible to make intermittent reports on the progress of the negotiations.

Real Beer Held By  
Brewers To Be Sold

By UNITED PRESS  
LEASED WIRE TO TRIBUNE

WASHINGTON, Oct. 27.—Large stocks of real beer, now held by brewers, some of which was made in "pre-Voelstad days," can be sold at once, under the medicinal beer regulations, Secretary of the Treasury Mellon said today.

Mellon said he was taking every means to make certain that the regulations were put into operation expeditiously.

### VIE ACTRESSES AND THEIR HAIR

It ever occur to you that every actress you have seen has hair, while the most popular their curls as their chief? In fact, many are leading just because of their attractive.

Inquiry among them discloses that they bring out all the beauty of their hair by caring, not with any soap, but with a simple mixture of teaspoonfuls of cornstarch, a dash of water and this instead of soap. This is shampoo liquid is enough to apply it to all the steam of just the top of the hair. After its use, the hair dries with uniform color. Dandruff, oil and dirt are dissolved and disappear. The hair is so that it looks much heavier, is the luster and softness are full. —Advertisement.

A SPECIAL SPONGE FOR AUTO WHEELS

A Small Tough Sponge That Gets Off the Grease

If you wash your own automobile you should have a special sponge to remove the grease from your running gear. This sponge should be kept for this purpose. In order to stand the wear it must be tough and not too large. We have just the right sponge for this work and we are selling them at 25c each. They are genuine Rock Island Sheep's Wool Sponges (which is the toughest sponge known).

Each 25c sponge is an individual unit and not a piece torn from a larger sponge. Every automobile owner should secure one of these 25c sponges as we have them. We, of course, have a full assortment of all kinds of sponges, including the wonderful Mandruki Sponges. These are the finest bath sponges known and would be a real treat to anyone who appreciates a really fine bath sponge. Then, of course we have the small Grecian Sponge (sometimes called Silk Sponge) universally used for infants' bath and toilet purposes. Our present stock of sponges comes from a special purchase recently made direct from the importers and they comprise all of the standard grades and types of sponges at all prices.

## SLASH IN BREAD PRICES UNLIKELY

BURGLARS RAID HOUSE TWICE IN 12 HOURS

Burglars attempted to rob the home of Mrs. L. J. Olsen, 3136 Union street, twice yesterday within twelve hours. Mrs. Olsen returned home after being out for about an hour. As she came in the back door she heard some one run down the front stairs. She went into the dining room and found all her silverware and jewelry packed in a suitcase.

Last night about 10 o'clock after she had retired she heard some one trying to force the kitchen window. She got up and opened the back door just in time to see a man climbing over the fence.

The police were notified, and Police Inspectors Alex Trotter and George Burbank investigated the scene, but could not find any trace of the burglar.

## SCHOOL DEDICATED WITH EXERCISES

When the first of a series of dedicatory exercises celebrating the opening of the new Prescott School auditorium took place yesterday ten nationalities were represented in costume by the students in the primary grades. Hollanders, French, Portuguese, Italians, Mexicans, Japanese, Chinese, Scotch, Dalmatians and Indians joined in the program of dance and song.

Older students were represented in the school orchestra, folk dances and chorus. Miss Ethel Ruggie offered a solo in "A Little Bit of Sunshine." A brief history of Prescott school was told by Miss Mary Bosovich. Short addresses were made by Lewis B. Avery and D. Morris Cox, assistant superintendents of Oakland public schools.

Adults will celebrate the opening of the community center tomorrow night with an elaborate program.

## Tornado Hits Capital; 6 Hurt, \$150,000 Loss

SACRAMENTO, Oct. 27.—Destruction and damage to thirty homes and industrial buildings over an area a mile long, six persons injured and property damage of approximately \$150,000, were the results of Sacramento's first cyclone, which swept through East Sacramento at an 80-mile an hour velocity yesterday while the remainder of the city suffered a small cloudburst and hail storm.

Never before has a storm of such intensity visited Northern California. SCHOOL BUILDINGS MOVED.

Following a loud clap of thunder, the tornado started at the steel mill being erected at the new Newton Booth schoolhouse. Temporary classrooms, one-story frame sheds set up on the school grounds, were the first hit. The force of the wind moved these eight or ten feet and all windows were broken, sending a raft of glass fragments over the room or sliding doors.

The school had just been dismissed when the crash came. This saved possible loss of life.

Two school children, Elizabeth Evans, 10, and Helen Skeels, 8, were hurt when buried under debris. Elizabeth Evans had both legs broken.

Panic struck when the school children were released and ran helter-skelter, while teachers sought to collect them. DAMAGE SCATTERED.

From the school, the tornado jumped six blocks, wrecked a couple of sheds, jumped a few more blocks, then smashed a path of destruction across T street court, Thirtieth and Thirty-first and Sierra way. This street is built up with bungalows and the path through these was marked by roofs turned off, broken windows and doors. The tornado hurled timbers through houses, tore out wiring and prostrated all telephone and power lines.

Employees at the corporation yards, where city trucks and machinery were stored, were seriously hurt by flying debris. They were Gacken, John, clk. machinist, right.

## TRY MAGNESEA FOR STOMACH TROUBLE

It neutralizes Stomach Acidity, Prevents Food Fermentation, Sour Gas, Stomach and Acid Indigestion.

Doubtless if you are a sufferer from Indigestion you have already tried Bismuth, Pancreatin, Chemic drugs and various digestive aids and you know these things will not cure your trouble—in some cases do.

But before giving up hope and deciding you are a chronic dyspeptic just try the effect of a little Bisulatized Magnesia. It is a non-irritating, commercial carbonate of lime, or milk, but the pure Bisulatized Magnesia which you can obtain from practically powdered or tablet form.

Take a teaspoonful of the powder or two compressed tablets with a little water after your next meal and see how a difference is made. It will instantly neutralize the dangerous harmful acid in the stomach which now causes repulsive food to ferment and sour making the patient flatulence, heartburn and the bloated or heavy lumpy feeling that comes to follow most everything you eat.

Take a little Bisulatized Magnesia immediately after a meal you can eat almost anything and enjoy it without any danger of pain or discomfort to follow and moreover the continuous use of the bisulatized magnesia cannot injure the stomach in any way so long as you are and symptoms of acid indigestion—ADVERTISING.

### ANNOUNCEMENT!

#### ELK HILLS HOME OIL COMPANY

Present Share-Holders and Prospective Investors:  
Dear Friends:—The writer has been requested by the Directors of the Elk Hills Home Oil Company to advise each of our present share-holders of a change in price of the stock of our Company, to go into effect on the first day of November, 1921.

When this Company was first incorporated, we owned a lease consisting of 80 acres, in the famous Elk Hills Field. We have acquired a lease on an additional 80 acres in the famous Elk Field. This gives our Company control of two leases, consisting of 160 acres in all. Each of these properties is considered very valuable oil land, for which we have paid thousands of dollars Gold Coin.

Fabulous prices are each day reaching higher levels in the Elk Field. As evidence, Two Million Six Hundred and Fifty Thousand (\$2,650,000) Dollars were loaned involving 160 acres near our property in the Elk Hills Field by certain banks and trust companies Kansas City on the 29th day of August, 1921.

The fact that the Elk Hills Field is consistently and steadily going ahead in production of all other fields in the country is a sufficient reason why all the biggest oil companies in the world are doing practically unheard of prices for oil leases. We, the Elk Hills Home Oil Company, consider ourselves mighty fortunate to have had the opportunity to acquire leases on 160 acres of land situated in the midst of such gigantic oil operations.

The par value of the Elk Hills Home Oil Company stock is one dollar per share. To finance the drilling of our wells quickly we have sold a limited issue of the stock at 50¢ per share; this cent per share issue closes on the 24th day of October, 1921.

Commencing on the 1st day of November, 1921, as stated herein, the price of our stock will be One Dollar per share. This will be the prevailing price until we begin drilling operations, which will be in the very near future; we then look for our stock to continually advance above par.

Our present share-holders are being given this advance information and we are reserving for each present share-holder on this date a block of stock equal in amount to that which has previous been sold by him at a price of 50¢ per share; however, all subscriptions for additional stock at 50¢ per share will be taken by mail or personal on or before the 23rd day of October, 1921. The stock, positively, will only be sold for One dollar per share after date herein mentioned. Yours respectfully,

ELK HILLS HOME OIL COMPANY,  
By J. F. McCORMICK,  
Fiscal Agent & Vice President.

Our Office, Hobart Bldg., San Francisco.  
Main Branch Office, 457 12th Street.

### Salesmen Wanted

A California Corporation is about to build a beautiful and unique hotel in Berkeley. It will fill a real need among both students and the general public.

We are cultivating the field for the sale of stock in this corporation by an intensive direct-by-mail advertising campaign and can furnish valuable direct leads to our salesmen.

The stock is 8%, Cumulative, Preferred, Non-  
Assessable. A free share of Common stock is  
given with every share of Preferred.

This is a real opportunity for wide-awake, aggressive salesmen. Call at Room 305 Henshaw Building, Oakland.

## Poverty and Death Enter Hero's Home

Facing the task of providing a burial for his wife and with providing food and shelter for his five little children, and without a penny, P. F. Collins, member of the American Legion, confronted a trying situation yesterday.

Coming to Oakland two weeks ago from Globe, Ariz., Collins and his family moved into a house at 220 Magnolia street. After paying rent and buying groceries there was little money left. He walked the streets for several days looking for work. Mrs. Collins was deeply stricken with pneumonia, contracted during the trip to Oakland. A physician was summoned, but a death came into the little home.

Collins was sitting on the edge of the bed of his dead wife, weeping, with his five little children about him when representatives of the American Legion found him.

"What is the matter with mamma?" one of the children was asking.

"She's gone away," was the broken-hearted father's reply. "She is looking for a job in order that we may support my five children. In the arms he was a master machine. He is especially qualified as a rock-crusher man."

been particularly infested and after trying all types of traps, the legionaries selected poison as a remedy.

# TWO PER CENT OF FAMILY HEADS IN OAKLAND IDLE

Survey Shows Residents of the East Bay Loyal to Home Cities.

Sixty-nine per cent of the families in Oakland are supported by but one wage earner, 14 per cent by two wage earners, 11 per cent by three wage earners, 1 per cent of the heads of families are retired and 2 per cent are out of work.

This is one of the items of interest to Oakland business men revealed yesterday by K. L. Hamman, Oakland advertising man, who but recently completed a survey of local conditions by a canvass of 1,000 homes in every ten to determine certain business conditions. Hamman spoke before the Lions Club at the Hotel Oakland.

## IS HOME CITY

The survey showed that 69 per cent of the residents of Oakland are employed here, while 17 per cent work in San Francisco and 5 per cent elsewhere. Sixty-one per cent own their own homes, 24 per cent rent houses, 18 per cent rent flats and 2 per cent live in apartments. Thirty-eight per cent own pianos, 36 per cent own neither a piano, auto nor phonograph, the report shows, while 32 per cent own automobiles.

Sixty-nine per cent of the people of Berkeley own their homes, and in Alameda the percentage of home owners is 71.

The average lowest rental paid in the East Bay district is \$20 per month, while the highest average is \$76. Fifty-two per cent of the residents of the entire East Bay region work here.

## PREFER LOCAL STORES.

In Oakland 88 per cent of the women buy in Oakland in preference to San Francisco. The men, however, are more loyal to their home city than the women, with 92 per cent buying their clothes here instead of San Francisco. Ninety-four per cent of both men and women prefer Oakland department stores to those of San Francisco, and 94 per cent buy their furniture here.

In Berkeley 27 per cent of the women buy in Oakland rather than elsewhere, and 21 per cent in San Francisco. In Berkeley come to Oakland to buy their clothes.

Almost 90 per cent of the housewives of Oakland, Berkeley and Alameda read the advertisements in the East Bay papers, according to Hamman. Sixty per cent of the people subscribe to but one newspaper, while 30 per cent take two papers or more.

## Millionaire Weds Car Man's Daughter

PAUL, Ind., Oct. 27.—Herbert Merville Harriman, millionaire financier of New York, and Miss Sarah Jane Hunter, a Red Cross nurse who served overseas, were married here last night.

The bride is Harriman's third wife. Miss Hunter was a poor girl, the daughter of a car starter, and unknown in the New York society circles frequented by Harriman.

Several months ago Harriman became ill and the former army nurse was called in. The couple remained to care for him.

Harriman is the son of the late Oliver Harriman and is about 46 years of age. His bride is 29.

## Police, Fugitive Are Killed in Battle

ST. JOSEPH, Mo., Oct. 27.—A. M. Hall, a police desk clerk, was killed, Thomas Johnson, chief of detectives, probably fatally wounded and C. C. Macdonald, chief of police, and Edward E. Egan, detective, slightly wounded yesterday in a gun fight with Carlos Henderson, colored, who barricaded himself in a house and was later shot to death by police and former service men. He was killed after the fire department had fired the house in which he was hiding.

The shooting followed attempts of Detective Eads and a companion to arrest the man, whom they suspected of having committed a robbery.

Bath house proprietors of ancient Pompeii died with one another in advertising their resorts.

## Millionaire Weds Car Man's Daughter

PAUL, Ind., Oct. 27.—Herbert Merville Harriman, millionaire financier of New York, and Miss Sarah Jane Hunter, a Red Cross nurse who served overseas, were married here last night.

The bride is Harriman's third wife. Miss Hunter was a poor girl, the daughter of a car starter, and unknown in the New York society circles frequented by Harriman.

Several months ago Harriman became ill and the former army nurse was called in. The couple remained to care for him.

Harriman is the son of the late Oliver Harriman and is about 46 years of age. His bride is 29.

## Police, Fugitive Are Killed in Battle

ST. JOSEPH, Mo., Oct. 27.—A. M. Hall, a police desk clerk, was killed, Thomas Johnson, chief of detectives, probably fatally wounded and C. C. Macdonald, chief of police, and Edward E. Egan, detective, slightly wounded yesterday in a gun fight with Carlos Henderson, colored, who barricaded himself in a house and was later shot to death by police and former service men. He was killed after the fire department had fired the house in which he was hiding.

The shooting followed attempts of Detective Eads and a companion to arrest the man, whom they suspected of having committed a robbery.

Fete Planned  
By Dispensary  
For November

The Berkeley Dispensary is to have an unusual fete November 15, to be under the direction of the Junior Auxiliary of that association, of which Mrs. Ernest Had-  
den of Berkeley is president. Plans for the affair are being discussed this afternoon at a meeting at the home of Miss Elizabeth Kruse in the college city. The purpose of the affair is to raise funds in order that improvements may be made at the present Dispensary Building, which is inadequate for the tremendous amount of work that is being carried on. The Twentieth Century Club is on the setting for the unique affair.

Members of the Auxiliary are the Misses Doris Baldwin, Elizabeth Cal-  
kins, Maud Hind, Grace Jackson, Elizabeth Kruse, Laurine Matten, Helen Fennell, Ruth Richards, Zeta Stewart, Belle Stewart, Janet Knox, Dart Tinkham, Cecilia von Rokken, Rosalind Blair, Georgia Towic, Deborah Rhodes, Florence Pape, Harriet Campbell, Margaret Geary, Mildred Elam, Katherine Towle, Josephine Park, Alice MacGregor, Betty Merrill, Rosalie Whitney and Maud Davies, Frederick Duhme, Ernest Hadden, John Smith, Allan Wood, Floyd Stewart, James Todd, Frederick Hall, W. P. Caddis, Tracy Simpson, Wellington Switzer, W. A. Powell, George Dunlap, John U. Calkins, Vernon Smith, Morris Clark, Ross Mahon and Donald Kuffer.

New members recently elected to the Auxiliary are the Misses Eleanor Campbell, Drusilla Baldwin, Marjorie Turner, Florence Woolsey and Mrs. Paul Johnson.

PLANS FOR ANNUAL  
DOLL SHOW.

Arrangements for the West Oak-  
land Doll Show are fast being  
completed, the same to be held in  
the Hotel Oakland ballroom on the  
afternoon and evening of November  
18, 17 and 18. There are at present  
sixty children in the home to be fed,  
clothed and educated and it is essential  
that a goodly sum be raised for  
carrying on the work. Throughout  
the year the committees have been  
working for the success of the fete  
and as in years past the booths will  
be filled with dolls, fancy articles,  
meatless, candy, cakes, grins, jams  
and all kinds of delicacies.

The Doll committee will meet at  
the home of Mrs. Bruce Maiden in  
Lake avenue tomorrow afternoon  
for luncheon, after which the finishing  
touches will be given the dolls. In  
this section are Mesdames Rich-

BRIDE ELECT IS  
MOTIVE FOR AFFAIR.

Mrs. Florence Elythe Moore, whose  
marriage to Dr. Wm. Everett Mus-  
grave is to take place in a few days,  
was the motif of a smart luncheon  
at the Hotel Oakland yesterday. Mes-  
dames K. L. Welch and her mother,  
Mrs. W. H. Williams, presided as  
hostesses. The guests were largely  
from this side of the bay and among  
those present were Mesdames John  
J. Valentine Sr., John J. Valentine  
Jr., Stanley Moore, Donald McClure,  
Samuel P. Hall, James Kenna and  
several more.

Hallowe'en will be the occasion  
for many interesting parties on the  
week-end. The Hotel Oakland is to  
be the scene of an affair Saturday  
evening, for which many D-Day  
treat parties will be made up. As  
quite a contingent of East Bay  
society are wintering there, the  
affair promises to be one of the smart  
dances of the month.

Both Diablo and Sequoyah Country  
clubs are to have unusual affairs.  
Dinner parties to be given.  
"Ladies' Night" is the original  
program that has been arranged at Se-  
quoyah with the feminine personnel  
of the club acting as hosts, for a  
change, to more than one hundred  
guests.

LECTURE FOR MILLS  
ENDOWMENT FUND.

Mrs. Grace Roberto Moore is giving  
a lecture this afternoon at the  
home of Mrs. Charles Youngberg in  
Ferry Street. The proceeds are for  
the Mills College endowment fund.  
Tea will follow the lecture. The  
Mills Club has arranged a series  
of teas and bazaars for the fund  
to be given this winter.

Mrs. Frank Watson is entertain-  
ing at bridge this afternoon for Miss  
Inez Danner, who is an Eastern guest  
here. Close friends have been bid-  
den to meet the honoree.

The Claremont County Club was  
the scene this afternoon of a lun-  
cheon in honor of Mrs. Sister-in-Law, Mrs.

DANCING PARTIES  
ARE PLANNED.

Mr. and Mrs. Roland Letts Oliver  
are to give a dancing party at their  
home in Crocker Highlands Satur-  
day evening, at which the hostess'  
sister, Miss Inez Danner, will be the  
guest of honor. A buffet supper will  
follow the dinner.

Another masquerade and dancing  
party will be sponsored by Mr. and  
Mrs. Francis Marion Smith for half  
a hundred of the school set. The

## \$10,000 DAMAGE DONE BY FLAMES IN STORE INS. F.

Half Dozen Structures Are Caught in Path of Fire On Howard Street.

SAN FRANCISCO, Oct. 27.—Damage amounting to approximately \$10,000 was sustained in a stubborn fire which broke out at 4:30 this morning in the paint establishment of A. Florida, 678 Howard street. It spread to six wooden structures, caused 75 lodgers to be scattered on the streets in their night apparel and was quenched only after a hard fight.

Policemen William Jones and William Harrison of the Southern station were overcome by smoke while warning the guests in the Tehama House, 156 Tehama street, of their danger and forcing them to take refuge outdoors.

Spontaneous combustion in the paint shop is believed to have been responsible. The flames spread to the two-story frame building known as the Texas House at 677 Howard street, formerly a rooming hotel but at present unoccupied. Some damage was also done to the barber shop at 678 Howard street and the soft drink parlor of Colman Conroy at 681 Howard.

## 'PUSSYFOOT' WINS HINDU DISCIPLES

DELPHI, India, Oct. 27 (By the Associated Press).—William E. ("Pussyfoot") Johnson, the American anti-saloon crusader, who lost an eye in trying to dry up the British Isles, is trying to convert the Hindus of a reception in India. Moslem and Hindus, thousands of them in the past two weeks, have rendered Johnson honors rarely shown to any person short of royalty. Indian journalists describe the American's entry into ancient capital "as if it were as if Thomas Moore's 'Mona Rookh' pictures the brilliant and triumphant arrival of the Sultan of Bucharla to claim the heart and hand of Auringzebe.

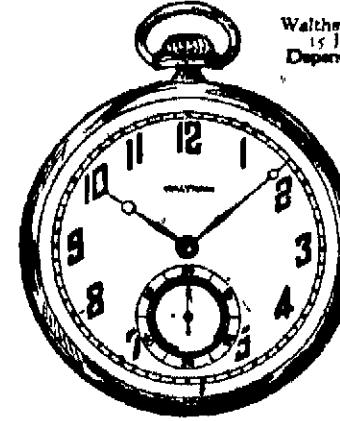

Johnson has been lavishly entertained by the Thakor Sahib of Limbi and other ruling princes and has been the recipient of numerous gifts. There includes a case of jewels and a gold watch, containing one prince's photograph and his engraved coat-of-arms inlaid in regal purple enamel. At Jaipur a delegation of leading citizens came to the train at 3 o'clock in the morning and begged Johnson's secretary to permit them to entertain and gaze at the sleeping face of Robin Hood and John Barleycorn. The request was granted and "Pussyfoot" did not know of the affair until breakfast.

Baroda, governed by a native ruler, entertained "Pussyfoot" as a guest of the government. An entire mansion, with a coterie of servants and a chef of staff and a carriage with driver and footman, were assigned to him and the reception was attended by Indian rajas and princesses as well as officials of the state.

Johnson later was entertained by the dacoite portion of the Indian folkloric play and examples of native household worship. The national hymn was sung and flags were flying as he entered the province. He visited social settlement and in the evening spoke to 3000 at prohibition mass meeting presided over by the prince of Baroda.

The Thakor Sahib, ruler of Limbi, a feudal state which is independent of British rule, was the crusader's host at his palace the next day. The Thakor Sahib shut up the distillery and closed all the rum shops of his state and the prime minister of Bhavnagar, regent of a neighboring province, announced that on November 1 it would become dry.

### Accuracy

ACCURACY in time-keeping is worth infinitely more than what you pay for it.

A platinum and diamond cased watch that will not keep time is no more useful than a retired alarm clock on the ash heap.

Accurate time-keeping can only come from extreme accuracy in the making of the "parts" inside the watch.

Do you know that if the measurement of some vital part varies but the fraction of a human hair, that watch in which such variation exists will always register a continuous loss or gain?

Waltham accuracy in time-keeping is a result of absolute accuracy in making every part of a Waltham Watch.

That is why your watch selection should be a Waltham.

Consult your jeweler. He knows Waltham Watches.

## Children, Adults Too Lazy to Exercise, Play Chief Wams

Jay B. Nash, in His Annual Report, Urges City To Get Recreation.

A comprehensive annual report of 28 closely written pages containing a complete analysis of the past year's work, was submitted today to the Board of Playground Directors by Superintendent Jay B. Nash, who not only reported on finances, attendance, condition of grounds and personal service, but also on playground to decrease the latter and stimulate normal play instincts.

The total adult attendance at all the various activities of the recreation department during the fiscal year 1920-21, says Nash, was 213,006, in play program each day 25,545 children were reached on the average, 6405 being classified as "after-school play activities." The total youthful attendance for the year was 1,953,501.

**NOT ENOUGH EXERCISE.** Interesting statements and figures of Nash's report, taken from the two-story frame building known as the Texas House at 677 Howard street, formerly a rooming hotel but at present unoccupied. Some damage was also done to the barber shop at 678 Howard street and the soft drink parlor of Colman Conroy at 681 Howard.

The priest, who is the author of the voluminous analysis of all the various activities and functions, emphasizes that the big problem of the land is to realize that city children as a rule do not have the proper facilities for exercise even under the best system. He says:

"Few city children, probably no adults, are taking enough exercise to keep themselves in physical condition. Modern machinery has removed the necessity for exercise and because of the universal habit of laziness in all of us, we take just as little exercise as possible. Undoubtedly this condition will continue unless we are driven to exercise under the stimulus of the play instinct."

**IDLENESS IS PROBLEM.**

Idle time is held to be one of the worst problems in the life of the youth of a city. The time the average youth, spent away from home, is estimated in about the following proportion, by hours, per year:

In school, 1000 hours

On the street, 1800 hours

"Juvenile delinquency," says Nash, is closely linked up with the misuse of spare time. The Cleveland survey estimates that fully four out of five of all the cases of juvenile delinquency are the result of misuse of leisure time.

**"BETWEEN GRINDERS."**

"The children of today literally are caught between the grinders of a great mill. On the one hand is a lack of constructive things to do and upholding them to go. On the other hand stands the great opportunity for juvenile delinquency in the line of rowdism, stealing and various types of mischief, coupled with the great desire for money."

The occupation of the average lad or girl on an average Sunday is thus estimated:

Sleep 8 hours

Meals, 2 hours

Meals, dressing, home work, 5 hours

Street, movies, etc. 8 hours.

**RECREATION COSTS.**

"Commercial recreation" is against outdoor play-recreation is held to be far more tempting to the average citizen and youth, as is estimated by an analysis of amount spent.

Amount per person for commercial recreation, man, woman and child, in Oakland last year, \$22.85.

Amount per person for municipal recreation, man, woman and child, 44 cents.

"The whole problem of the use of leisure time," says Nash, "becomes one of the greatest problems of commercial recreation in modern days. It is infinitely bigger than the problem of conservation of timber lands or coal lands, or even the conservation of water for power and municipal use. It involves the conservation of leisure time for good citizenship, which must become the basis for the progress of the state."

**PLAY AS AMUSEMENT.**

He urged that the people of Oakland try to realize the difference between play and idleness or leisure.

"This it occurred to you."

## REWARD OFFERED FOR SLAYER OF CATHOLIC PRIEST

Officers Find no Clew To Murderer; Believed Madman.

LEAD, S. D., Oct. 27.—Rewards aggregating \$1500 have been offered for the arrest of the slayer of Father A. Belknap, pastor of St. Patrick's cathedral here, whose body was found early Wednesday on Poor Man's Gulch highway, just beyond the city limits. A bullet from a large-caliber revolver had pierced the priest's heart. Bloodhounds summoned from the state prison are expected to arrive here shortly and they will be put on the trail of the murderer. Relatives of Father Belknap could advance no theory. They said the young priest had no enemies. The authorities today were without a single clew as to the identity of the slayer.

That the priest was buried to his death is certain, according to the police. The priest, who was a priest, was buried in a shallow grave. At 2 o'clock yesterday morning a man called at Bishop Lawler's residence, where Father Belknap lived and asked the priest to come with him to administer the last sacraments to a sick

man. The body was found half an hour later in the roadway, face downward, with the revolver wound there was a large bruise on the back of the dead man's head, as if he was struck from behind. None of his personal belongings were touched. There was no evidence of a struggle.

Bishop Lawler today said:

"It is difficult to conceive a motive for it, dastardly and cowardly a crime, because Father Belknap was a favorite with all classes of people, whether in the church or out of it. All the relations existing between Catholics and non-Catholics are most pleasant and amicable the deed can only be attributed to religious prejudice. The act must have been perpetrated by a person unbalanced."

## NO GOOD IN PLAN FOR BERKELEYANS, SAYS E. F. HANNA

Scheme Fails To Show Where Benefit Could Come To City, He States.

BERKELEY, Oct. 27.—Charter advocates by recently addressing voters in Berkeley through the mails, started a flood of correspondence bearing on the proposed form of government.

Ed F. Hanna, member of the Berkeley Protective Association and of the Buena Peralta Improvement Club, charges that the pro-charter advocates have failed to show any positive advantages to be gained by Berkeley under the consolidation.

An open letter to former Governor Pardee is as follows:

"I am in receipt of yours of the 17th, in which you state that I am one of those who signed the petition for the coming consolidation election on November 15. I believe I did sign a petition or two, but for fifteen friends who were to draft a charter, but it was with the hope that something would materialize that would help solve some of our problems of government. Instead of that, the charter submitted to us is as impossible as the old ward system in force years ago."

### FIGHT IS ON.

"You say, 'The real fight is now on.' It is, and we expect to defeat you, I believe, that you will never want to make another such fight."

"You may know the way you spent time, but I do not. You have failed to show where Berkeley taxes will be reduced. We have asked for both sides the balance sheet, but you have failed to produce the balance sheet."

"You have failed to show where the Berkeley schools would be benefited. You have failed to show where the Berkeley police department would be improved. You have failed to show where the Berkeley fire department would be more efficiently administered."

### SHOW-DOWN ASKED.

"You have failed to show where Berkeley would save a five-cent piece in taxes. Until you can show some advantage to Berkeley under consolidation, do not ask Berkeley residents for help in the form of dollars or spare time."

"If the eggs are once scrambled, they cannot be unscrambled. The real fight is now on." I am for Berkeley. Yours truly,

"ED F. HANNA."

## Lavenson's Illness Blocks Appearance

BERKELEY, Oct. 27.—The added advantages that would come to Berkeley in the form of improved transportation, water supply and general health insurance through consolidation with Oakland and other Alameda county communities should cause Berkeley to look with favor on the new charter scheme, according to the Rev. J. S. Lavenson, a charter scheme proponent. Lavenson had prepared a paper on the subject for delivery before the Berkeley Affiliated Club last night, but illness made it necessary for C. N. Miller to read the paper.

"THESE QUESTIONS ARISE."

"These questions arise," Lavenson's statement declared.

"Can you develop a supply of water to meet the needs of a rapidly growing industrial community without combining your resources with those of the adjoining territory?"

"We do not know much about your plans for a public utility district. I believe this idea is dead beyond the hope of revival in Oakland, but it is for you to determine whether your plan is preferable to coming into a city and county government with other advantages of the latter."

"The advantages to consider in connection with the development of a municipal water supply is that it will enable the city (I hope, city and county) to grant preferential water rates for industrial users which will be reflected in lower taxes through the increase of assessable value."

### EXPERT IS QUOTED.

"I quote from the report of the engineer of the Berkeley Defense corps."

"That the water service of Berkeley is unsatisfactory is not a debatable question, but it is a fact that cannot be successfully disputed."

"If this correctly describes your condition, are you not tempting fate in rejecting something that offers a start to the solution of your problem when there is nothing otherwise but a hope, and possibly a vain one, in sight?"

"You will be as well served in the matter of street railway transportation if the company is operating under the jurisdiction of more than one city? I do not know whether or not this handicaps the company, but I do know that nothing connected with residence on this side of the bay is the subject of so much complaint as the transportation facilities and service between Berkeley and Oakland."

## 95 Per Cent of Pardee Talk False, Claims Davie

(Continued from Page 1)

demands. They have demanded more, in fact, than the city administration has so far seen fit to give. Protection of person and property is essential to the personnel. There can be no reduction in personnel, or cost, or equipment, under the new charter or any other scheme."

SALARIES AND OVERHEAD OF VARIOUS DEPARTMENTS.

The same remarks apply to wage-earning employees in the health department, \$6,080; in police, \$10,000; in street cleaning, \$1,000; in parks and sanitary inspection work, \$18,845; in the parks and playgrounds of which the people are demanding more and more, and where there is a continuous insistence for more service, \$18,778.

And here is another entry under personal services the inclusion of which in Dr. Pardee's charge of "salaries and overhead" may cause surprise. Schools (wages for teachers), \$206,098.612, and libraries, \$18,254.40, a total of \$218,353.01.

All of these requirements for wages in public service departments of the city government amount to \$2,228,189.52.

Now let us turn to the administration of offices, the "overhead," where we must alone expect to find Dr. Pardee's "units—three per cent for salaries."

We will take every department

of the general government and include not only the cost of salaried officials and employees, but every petty typist, clerk and stenographer who will take the total cost and the cost of administration, all "overhead." Take the city clerk, city council, cost of elections, the mayor, all the other commissioners, the auditor and assessor, purchasing agent, treasurer, tax collector, bureau of permits and licenses, street bond improvement office and the city attorney and all legal expenses. All these demands all their employees are an even per cent of expense of the last fiscal year was \$187,618.66.

That is the overhead cost of the municipal government of Oakland. That includes all the personal compensations which may be properly classified as salaries. It amounts to 46 per cent of the total cost of the city government.

"If the eggs are once scrambled, they cannot be unscrambled. The real fight is now on." I am for

Berkeley. Yours truly,

"ED F. HANNA."

## Madalynne Obenchain Through With Burch'

LOS ANGELES, Oct. 27.—Deeply incensed by threats and protestations of love which she says Arthur Burch, Do you know that the reason I have been here in this jail, going through all this terrible ordeal has been simply because I felt that I wanted to help Arthur all I could? Do you know that if I had just said a few words, could I have walked out of here long ago? It is because I thought possibly what I might say might be twisted and construed unjustly to Arthur's disadvantage that I decided to withhold certain information which, if I had divulged, would have let me out of this jail 24 hours after they arrested me.

"I love you, Madalynne—surely you know all along how much I have loved you!"

"And let me tell you, Madalynne, that before I will lose you to Ralph Obenchain I will take you to San Quentin with me!"

These are the words of love and threat which Mrs. Obenchain said fell from Burch's lips one night as they passed in the dark corridors of the county jail. Mrs. Obenchain said she was stunned by Burch's action and ran to the end of a corridor and up the steps to the dormitory.

In giving her decision, Mrs. Obenchain said:

## STADIUM SCRIP GETS PREFERENCE

BERKELEY, Oct. 27.—Further announcement that big game scrip will be redeemable in tickets to the University of Southern California game at Berkeley on November 5 and that first call on seats will be made to stadium subscribers, was made today from the stadium headquarters.

Applications of stadium subscribers will be filled first and they will be given an opportunity to purchase seats in addition to those covered by their scrip.

Steps are now being taken by the executive committee to have scrip redeemable in tickets for the international championship games in Pasadena on January 1, in case the Bears are selected to represent the west. Reservations for the California-Stanford game have already been sent to stadium subscribers and tickets for this game will be given first to stadium subscribers.

**NEW PRICES effective TO-DAY**

WITH the announcement of this new price of \$2485.00, the Cole Motor Car Company sets a new motor car value standard—a value which has never been equaled. It is almost unbelievable that such a car as the Cole Aero-Eight, accepted throughout the industry and by its thousands of owners as one of the best engineered and finest finished cars in the world, should sell as low as \$2485.00.

It has been the policy of this Company to pass on to the public immediately whatever cost reduction could be effected without deviating the slightest from the high standard of workmanship and materials which have been adhered to in the past. Due to readjustments in the cost of materials, we now find it possible to reduce the price of Cole Aero-Eight to a figure which makes it, unquestionably, the best possible investment in motor car value.

Nowhere else can you obtain a big, fine, roomy car that will give you 20,000 miles on a set of tires and 14 to 16 miles per gallon of gasoline.

D. Tully Knowles, President of College of Pacific, Talks At State Convention.

FRESNO, Oct. 27.—Dr. Tully C. Knowles, president of the College of Pacific, spoke to delegates attending the forty-first state convention, northern section, of the Women's Christian Temperance Union on disarmament tonight. His talk was followed by prayers for peace by the convention.

Officers will be elected and the annual program will be presented at tomorrow's meeting. The program deals with the eighteenth amendment and suggesting measures to secure law enforcement. Mrs. Annette Abbott Adams, former assistant United States attorney-general of San Francisco, will speak on law enforcement tomorrow night.

The program outlined today includes the reading of the Bible in public schools; to show that alcoholic liquors are unnecessary for medicinal purposes and that patent medicines contain habit-forming drugs; to continue the campaign against tobacco and habit-forming drugs.

To carry out the program, the executive committee recommends a membership campaign to be instituted to bring the membership up to a million by 1924 and to complete the fund of a million dollars by that time. The executive committee also recommends the observance of Armistice Day and of National Prohibition Day, January 16.

The convention was called to order following an afternoon session by Mrs. Adie Grinnell Estes of Stockton, vice-president of the W. C. T. U. Addressees were given on "Power" by Mrs. Louis J. **Diplomatic Review Has Basis for World Peace**

TOKYO, Sept. 27. (By Mail)—The Diplomatic Review in its September number, referring to the Washington conference declares that the following principles are essential to insure the peace of the world on

cured on these broad principles, nothing more need be arranged or agreed to in insuring the peace of the world. The editor, however, is not so sure of this and proposes the following, which he is inclined to think is more practicable:

**NO FORTS ON PACIFIC.**

Armaments of any kind on the Pacific shall be removed. The fortifications of Guam, Hawaii and the like, which prove to be a menace to the security in the Pacific and the Far East shall be removed, Japan being expected to do the same.

The armaments not included in the above shall be brought to the standard of strength that existed prior to the beginning of 1913, the

powers being expected simultaneously to reduce these armaments to the above mentioned level and standard.

James O'Shaughnessy of New York, secretary of the Association of American Advertising Agents, declared in an address to the Agricultural Publishers' Association.

"The farmer isn't broke," he said. "His purchasing power is just bound and gagged by business, agreeing with him that he is in a sorry plight."

"Why doesn't business tell him he will emerge from the present predicament; that he can buy now with assurance that an adjustment is coming?"

**WHY BUY TIRES  
AT  
"WESTERN AUTO"?****Because**

Western Auto prices are the lowest in the city on standard quality, factory guaranteed, tried and proven tires.

**Because**

Big buying of several carloads of tires per month and huge distributions mean fast turnover and, therefore, fresh stock always.

**Because**

Full satisfaction is assured when dealing with a big reliable house like "WESTERN AUTO," where guarantees mean what they say, and adjustments cheerfully and liberally taken care of in any of our numerous stores.

## COLLEGES' STAND ON DISARMAMENT PLEASES HARDING

Great Service To This Generation Is Rendered, Says President.

PRINCETON, N. J., Oct. 27.—President Harding, expressed his gratification that American colleges are taking up the problem of disarmament in telegram to John Grier Hibben, president of Princeton, which the latter read at last night's session of the Intercollegiate Conference on Disarmament. President Harding's telegram follows:

"My very cordial greetings to colleagues' conference meeting to discuss the problem incident to International agreement on the limitation of armament. Knowing as I do the sincerity of our American purpose, free from every phase of national selfishness, I am gratified to know that the colleges throughout the Republic are being exercised helpfully to commit the sentiment of our country and the world to real achievements. A great service to this generation may prove vastly greater to generations yet to come."

A message from Secretary Hughes read:

"The state department welcomes the aid of public opinion in furthering the objects of the conference on limitation of armaments, and keenly desires to facilitate all who are engaged in the effort to give accurate information and to develop sound opinion."

A general committee of one man from each state was named to continue the work of crystallizing resolutions adopted at the conference on limitation of armaments, and which will be sent to President Harding read:

"That it is the sense of the inter-collegiate conference that the Washington conference will not have attained its objectives without (1) a settlement of the Far Eastern question based on principles which will make practical the reduction of naval armaments, (2) an agreement to suspend all present programs for naval construction and to reduce substantially the present naval strength of the nations concerned."

DENTAL BY TARDIEU.

"A malicious and entirely unwarranted interpretation of my speech in Parliament last night has been cableed to America," declared Andre Tardieu last night. "It was alleged that I intended France to align with Japan rather than with America."

"There is no need to assure the United States that not a single statesman of France and, last of all, myself, ever entertained such an idea for a second."

"I said that France must go to Washington prepared to confront the grave fact that Japan and America, both friends of mine, have grave differences. When two out of three friends fall out it is plainly the duty of third to prevent the clash."

"France's neutrality in the matter is tempered by the fact that she has a huge stake in the Pacific—notably in Cochin China. Therefore all her interests urge a peaceful settlement and solution of the Japanese-American tangle. France's role is neither that of mediator nor peacemaker, but that of an international board of directors charged to use its influence for a common sense solution of this question of gravest moment to the peace of the world."

### Pershing's Liner Speeding to U. S. To Receive Foch

Marshal's Ship Slows Down To Allow That of General To Arrive First.

NEW YORK, Oct. 27.—The steamship Paris, on the way to New York from France with Marshal Foch has slowed down in order that the George Washington, with General Pershing as a passenger, may arrive here tomorrow first and the General may welcome the marshal to the country, a wireless reported today.

Messages from Marshal Foch to the American people have been sent by radio. The message follows:

"I am overjoyed over my visit to America that glorious country which came so nobly to our help. I am particularly happy to know I shall meet again the great officers and soldiers, who fought so courageously and in such great numbers for our victory. I am anxious to see those men I have known in the campaign of war, in victorious peace and in the bosoms of their families. To do this I am going to see the entire country from the Gulf of Mexico to the Great Lakes."

"From the bottom of my heart I thank the American people. Foch."

**BRIAND TO PAY VISIT.**

PARIS, Oct. 27.—(Ex. Associated Press)—Premier Briand will take passage Sunday to attend the conference on the limitation of armaments at Washington, with the presence of one of the greatest victories of his political career.

PARIS, Oct. 27.—A test vote following the speech of Premier Briand in the Chamber last night resulted in 328 for the government and 173

against the limitation of armaments.

Beginning with a defensive statement of the government's position,

Premier Briand reiterated his declaration that he would not go to Washington to attend the disarmament conference unless his government was endorsed by a strong vote.

Concluding his address, the Premier said:

"I will tell Washington that France is ready to accept anything which will guarantee her security. Our American friends understand our position."

He was strongly applauded when he sat down.

**DENTAL BY TARDIEU.**

## CHINA ENVOYS TO DISARM MEETING VISIT IN OAKLAND

Delegation, 95 Strong, Voices Hope Lost Provinces Will Be Restored.

SAN FRANCISCO, Oct. 27.—China's disarmament conference rep-

resentatives, 95 strong, were hurrying eastward today on special train after a record trans-Pacific trip on which the shipping board steamer Hawkeye arrived two days ahead of schedule.

None of the main delegates is in

the party, most of them having al-

ready arrived in Washington. The

delegation was greeted aboard the

ship by army, navy, state department

and city officials and customs regu-

lations were waived to permit the

delegation to entrain direct from the

ship to the railroad.

The climax of the day will be

reached at a dinner tonight for Boy

Scouts, at which Postmaster-General

Will H. Hays, Earl Beatty, admiral

of the British navy, William

Boyd Thompson, president of the

Roosevelt Memorial Association,

will speak.

# Leaders Chosen By Progressive Business Club

Norman E. Metcalf, President  
Reports Presented On  
Modesto Meet.

The following officers were elected by the Progressive Business Club of Oakland at the luncheon meeting of that organization at the Hotel Oakland yesterday:

President, Norman E. Metcalf; Vice-president, Frank R. Lloyd; second vice-president, Gles Potter; treasurer, Edwin P. Anderson; directors, Dr. J. H. Morris, Maurice Copeland, O. M. Bennett, S. G. Davis, Walter P. H. Davis and Charles Miller.

Metcalf and Harry Henion brought back a brief report from the convention of the organization held at Modesto, at which meeting it is said a countywide representation was effected in the election of officers. Henion was elected as one of the vice-presidents.

Besides Oakland, Salt Lake, Oregon, San Francisco, Long Beach, Elko, Nevada, Boise, Idaho, and other cities have optional offices.

## HONORS FOR VETERAN.

SAWTELLE, Oct. 27.—Civil war veterans at the national soldiers' home here today paid final tribute to and sounded taps for Colonel A. H. Neidig, 82 years of age, veteran of the Forty-fourth Iowa regiment, and one time owner of the Marshalltown, Iowa, Times-Republican, and the Norfolk, Neb., Journal, who is dead here.

## CENTURY

At the Century theater, formerly Va. Liberty, next Sunday Will Kline will offer his company in another melodious program of music and comedy with the latest show, "Koo-Koo Birds." The story concerns a certain Mister Goof and his pal who obtain jobs as gypsies in the circus. The most dangerous of the feather-minded are Kent Jack Russell, clever Dutch comedian, has a ready line of extempore wit. He will be joined by comedians Mabel McLean, the Lane prima donna, Jimmy Edwards, character man, Ethel Soule, the King Trio, Jess Mendelson. The current week is seeing the presentation of "Who's Who."

## STRAND

That mother love may triumph even when science has failed is the story told in "The Woman in the House," which will open the season at the Strand theater, Thirty-third street and Telegraph avenue, today and tomorrow. It deals with the sacrifice and devotion which went to the care of children when the medical cure of childhood diseases had not been found. It always is a hopeless orpahne. An all-star cast appears in this picture, headed by Mildred Harris, who plays the role of the neglected wife.

As a special attraction for these two days only Burke's "Singing and Dancing Kiddies" will occupy a place on the bill, together with a special feature, "The Littlest Hot Lava," and a Pathé Review.

Constance Binney in "The Magic Cup" and the like Kiddies in "Circus Imp" will be shown.

## BROADWAY

"The Invisible Power" will be one of two screen attractions at the New Broadway theater today. The second will offer Tom Saatchi in "The Water," which will open the season at the Broadway theater, Thirty-third street and Telegraph avenue, today and tomorrow.

It deals with the situation of the "Water" girl, who has the misfortune of being always a hopeless orpahne. The story, however, is a touching one.

As a special attraction for these two days only Burke's "Singing and Dancing Kiddies" will occupy a place on the bill, together with a special feature, "The Littlest Hot Lava," and a Pathé Review.

Pearl White appears in "The Mountain Woman," Sunday.

## NEW FRANKLIN

Adventure, romance and thrills have been crowded into "The Thirteenth Musketeer"—the first \$1 million dollar Douglas Fairbanks production, which is nearing the start of a third week's run at the Franklin theater.

The story has preserved the romantic tension of the Dumas novel in the telling of the story of the daring youth, who ventures out to battle the forces of darkness and death, and an aged yellow horse. His right life and limb to save a queen's honor forms the "story" part of the film play.

The program includes an early-day Fairbanks picture, "The Mystery of the Leaping Fish."

## Winter Comfort

### Bay-Glo—The perfect gas fire'

In cottage or in mansion, Bay-Glo radiates a wealth of comfort and good cheer on chilly evenings that transforms the place into a glowing fireland of the good old days, and makes of an ordinary abode a real home where the family may gather in comfort and contentment.

The Bay-Glo is different from all other gas heaters, quite different. It is "The perfect gas fire." See for yourself. And don't wait until you get cold or catch cold. Be comfortable all winter. It costs no heat. Turn it on now. Write or call for full particulars now.

## FULTON

At the Fulton Playhouse on next Sunday afternoon the Fulton Players will present Marjorie Rambeau's success, "The Girl in the Door."

The story of a young girl in her teens being "invigiled" out into the night life by a wild and unscrupulous woman to whom the plot is unloved one is thoroughly incubated with the story, its tenderness and its dramatic stupendousness.

Nancy Bryant, who in the Marjorie Rambeau's "The Girl in the Door" is the girl, and Highland Tucker is the teacher. Helen Keller will demonstrate the wonderful accomplishments of the deaf.

It is all an cleverly woven together, and the plot is unloved one is thoroughly incubated with the story, its tenderness and its dramatic stupendousness.

Thomas F. Swift and Mary H. Kely, Dooley & Storey, Jack Rose, Galler Brothers, Markatta, Ford and Van Cello and Mary are on the program.

## OPHEUM

There is probably no more noted woman in America than Helen Keller, blind, deaf and formerly dumb, this wonderful woman has overcome all.

It is all an cleverly woven together, and the plot is unloved one is thoroughly incubated with the story, its tenderness and its dramatic stupendousness.

Thomas F. Swift and Mary H. Kely, Dooley & Storey, Jack Rose, Galler Brothers, Markatta, Ford and Van Cello and Mary are on the program.

## LOEW'S STATE

History, romance and tragedy are blended into an awesomely dramatic and titanic melodrama, "George Washington's Gigantic Melodrama," which holds the screen for the balance of the week at Loew's State theater. The burning of Rome, the feast of the plebs, the capture of Nero, the combats of the gladiators, the devouring of the Christians by the maddened lions, the stirring conflict with a girl tied to his back are shown with a girl tied to his back are shown with care.

The "Messenger Boy" in "His New Job" is a success, the varieties, Leo Leonard, Ross Green and Wesley Baldwin are featured.

## ARCADIA

It will be Halloween Souvenir Night at the Arcadia Dancing Pavilion Saturday, November 5. There will be an elimination contest each Sunday afternoon for four weeks, two winning couples to be chosen each week, the eighth to meet in the finals in the fifth week. Cash prizes will be distributed to the final winners.

## COLUMBIA

"Outside the Law," the sensational crook photo play, and "The Three Mosquitoes," a snappy musical comedy with girls and new dances, are the two features that are attracting crowds to the Columbia theater this week.

"Outside the Law," featuring Priscilla Dean, supported by Lon Chaney, is perhaps the greatest melodrama ever written, and the scenes of suspense, mystery and the love element make it an engrossing drama.

For next week's program "The Pig Born" featuring Sessue Hayakawa, will have a place on the bill with the musical comedy "Seaside Strenae." This is a Chinese drama and close dancing will be features.

Tommy Brown's "A Night in San Francisco" is a variety show which will be produced.

Booths containing candy, home-cooked foods and fancy articles are arranged in the parish hall, which has been decorated for the occasion.

The committee in charge of the affair is made up of representatives from every parish organization.

## ANNUAL BAZAAR OF ST. JOHN'S DRAWS CROWDS

St. John's Episcopal parish opened its annual bazaar yesterday afternoon and will continue it to night and Friday. The features of the entertainment last night were the musical offerings of the Oak Leaf trio, assisted by Mrs. William H. Ross.

Tonight a minstrel show will be produced, under the direction of its author, J. C. R. MacDonald. New songs, clever comedy and close dancing will be features.

The machine first went into a tail-spin and fell to a point 300 feet above the ground. It started to climb again, only to fall into another spin, the gasoline tank exploding at the same time.

# Thanking the women who are putting Rinso to the supreme test: hard water

For adding their enthusiastic endorsement to that of the millions of users of Rinso in soft water localities

FROM women who live where water is hard, word comes in every mail of highly satisfactory results with Rinso.

Proving them to be typical American women in their readiness for new and practical ideas.

Establishing Rinso beyond a doubt by this supreme test as the great discovery the World's Soap Experts had foreseen it to be.

Hard water made as soft and easy to wash with as rain water

With the coming of vast city water systems, women faced hard water problems unknown in the days of the cistern and the rain barrel.

The World's Largest Soap Maker met this condition for them by making Rinso richer in pure cleansing materials than had ever been believed possible before.

Your clothes soak as safely in Rinso as in water alone

# Rinso

8c  
Made in U.S.A.

## SPECIAL DIRECTIONS—

—to make hard water as soft as rain water

For ordinarily soft water a half package of Rinso to a tub makes a rich lather. For harder water increase the amount until you get a thick, lasting suds, even after the clothes have been put in.

Dissolve the amount of Rinso you have found right for the water you use in two quarts of boiling water. Pour

this solution into your tub of lukewarm water—stir well.

Put in your clothes and let them soak, one hour, two hours, over night—whatever time is convenient. Rinse, to remove the loosened dirt, till the water runs clear.

No other soap product or softener is needed with Rinso, even in the hardest water. In hard water use more Rinso.

# FUSILLADE PUTS S. J. CHINATOWN ALL IN TREMBLE

Oriental Quarter, On Nervous Tension, Fears Reopening Of Tong War.

SAN JOSE, Oct. 27.—Residents of San Jose's Chinatown were thrown into a state of excitement and officers on guard about the town into a state of anticipation late last night when a fusillade of six or eight pistol shots pierced the stillness. Today, however, the origin of the shots remained a mystery, a thorough search having failed to locate the source of the firing.

The shots were heard in the vicinity immediately north of Chinatown, according to officers, and it is believed that they may have been fired by some practical jokers riding past in an automobile.

If the parties intended firing the shots to frighten the Orientals they succeeded admirably in their purpose. The Chinese in the streets flew for cover with remarkable rapidity and for a moment the town was deserted. At the same time Chinese heads were seen to peep from the tops of buildings where, heavily armed, guards have been stationed by the rival tongs since the outbreak of the present Suey Sing vs. Hop Sing war. No trouble resulted, however, and today all is normal again.

## Monte Wolf, of Bandit Repute, Eludes Trackers

TUOLUMNE, Oct. 27.—Having eluded deputy sheriffs for many weeks, the hiding place of Monte Wolf, prospector-bandit, has been discovered, but again all trace of him has been lost. It is thought, however, winter's storms and cold will soon force him into the lower country, where escape will be impossible.

Wolf's bed and cooking utensils were discovered in the Luke cabin, a deserted shack in the wilds on the Donahue ranch.

Wolf, after being placed under arrest at Groveland, Tuolumne, last night, or a short time ago, suddenly disappeared from beneath his bed and drove two deputy sheriffs out of the canyon. He then picked up a few belongings and, armed with a rifle and a shotgun, disappeared. Some weeks later his outdoor camp was discovered in an isolated region, after he had talked to a hunter who did not know the man. During the hunter's absence from camp, the place was robbed of nearly all its food and a pair of new mountain boots.

But now comes the most amazing feature of the case. Ten months ago William Antoni's cabin was plundered and his fishing license taken. In its place Wolfe's was left. Antoni placed it in his trunk. A few days ago, during his absence, he cabin was again entered and the cabin broken in and the Wolfe fishing license taken. Some provisions also disappeared. Antoni summoned two friends, Girvin and Freer, and arming themselves they tracked the thief to the Luke cabin. There was evidence that Wolfe had been about the place but a short time before they arrived.

## Piedmont Society Girl Guest At Modesto

MODESTO, Oct. 27.—Miss Francis Laidlaw, prominent society girl of Piedmont, who is one of the first at one of the city's most delightful social affairs in the home of Mrs. F. C. Chapman, Miss Esther Chapman, the hostess, gave an elaborate dinner and followed this with an evening at bridge.

Upon the conclusion of the entertainment at the Chapman home, the eighteen guests drove to the country home of Mr. and Mrs. L. L. Diaz, on the Carver road. The guests were announced today by Father L. L. Diaz.

Committees have been appointed and preliminary plans for an exceptionally pretentious ball have been completed, only the details being decided upon by the women of the various bodies who are in charge of the various parts.

Mrs. M. Souza, Mrs. Birch and Mrs. Gatinello are taking prominent parts in the preparation for the event.

Children of the Mission San Jose school will have a Halloween party and entertainment Friday night, it was announced today by Louis C. Roberts, principal of the school.

The three Mission San Jose men journeyed south several weeks ago by automobile, returning Saturday.

Mrs. A. Diaz was a recent visitor in Turlock, going by automobile.

After a residence in Mission San Jose of several years, during which time she took a prominent part in local affairs, Mrs. J. Rodgers and her family will leave in a few days for their new home in Manteca.

Mrs. M. Souza was a representative from Mission San Jose when Women of the Woodcraft of Niles went to San Jose and exemplified the initiatory work of the order before the San Jose Lodge. A musical program, followed by a luncheon was provided by the San Jose women.

Coroner To Probe Death of Sailor

WATSONVILLE, Oct. 27.—A coroner's inquest will be held this forenoon over the body of Charles Josselyn, familiarly known for many years as "Old Ciss Charlie."

Josselyn was found dead in a cabin at Camp Rodger on the beach near this city Tuesday morning by Frederick DeSanto, who occupies an adjacent cabin on the beach.

The deceased was an old deep-water sailor and had resided in this section for many years. He was last seen at the Monday evening. He was nearly 80 years old.

## Y.W.C.A. Launches Drive For Funds for 1922 Work

SAN JOSE, Oct. 27.—The San Jose Young Women's Christian Association, just completing what is termed its most successful fiscal year, has launched a campaign to raise funds for the equally successful operation throughout 1922. The amount to be asked for, it was announced by Mrs. D. A. Beattie, president of the board of directors of the association, has been set at \$12,000 and is to be obtained, it is hoped, through popular subscription.

In announcing the campaign for funds and the amounts desired, Mrs. Beattie issued the following statement to the TRIBUNE today:

"The public will be glad to know that this year has been the very best year in the history of the San Jose association."

"These are serious days in many places and for many girls, and unemployment and room registry, etc., are doing an excellent service. Our assistance department is adequate to meet the demands for rooms, but we have, through our room registry, directed more than 1000 girls and women to rooms in the city."

"San Joseans have been generous and sympathetic with our work always and we look for the same display of feeling in the present campaign."

## First Concrete Is Poured Into Don Pedro Dam

MODESTO, Oct. 27.—Work of pouring concrete at the Don Pedro dam was begun in earnest today, with the big mixer preparing 800 cubic yards of concrete to be "shot" down into the dam by the concrete truck.

This was a red letter day at the site of the biggest dam-building dam in the world, for with the pouring of concrete in its preliminary stages have been passed successfully and ahead of schedule. The work will continue, rain or shine.

General Superintendent Duncanson is much pleased with the working of the big concrete system.

Percy Jones, chief engineer of the Modesto district, and representative of the board of engineers on the Don Pedro work, who had the honor of turning the first batch of concrete through the big shooting system, declared that everything is more than satisfactory. He promised rapid completion of the project.

It looks to Duncanson and Jones as if completion of the dam in the specified time is now assured. It will be completed within the estimate of cost of the engineers estimate of cost.

The capacity of the big mixing plant, which is purely a Pacific coast product, made from the specifications of the board of engineers, will enable the builders to supply up to 2000 yards a 24 hours if it becomes necessary.

The average output will probably range in the neighborhood of from 600 to 800 cubic yards per eight-hour shift. Jones said, but this could be increased to 1000 yards if necessary required, he said.

## Benefit Bazaar Is Planned at Old Mission

MISSION, SAN JOSE, Oct. 27.—Plans for a bazaar to be given under the auspices of the Mission San Jose Catholic parish November 17-18-19 were announced today by Father Leo L. L. Diaz.

Committees have been appointed and preliminary plans for an exceptionally pretentious ball have been completed, only the details being decided upon by the women of the various bodies who are in charge of the various parts.

## CHECK WORKER'S SEA YARN FAILS WHEN TOLD JUDGE

Prisoner Offers As Defense That He Had Been Interned Bum 36 Years.

SAN JOSE, Oct. 27.—Thirty-six years ago on a ship off the coast of Maine, James W. Roache was born into this world.

Throughout those 36 years, from the time he was able to take care of himself, Roache says, he has been buffeted about the whole world, going from one city to another and one nation to another in search for work to keep him from starving.

Today he jumped from San Quentin, where he will be requested to stay put, until such time as the authorities believe James has sufficiently suffered for the crime of passing a series of fictitious checks in this city.

Roache, 6 feet 3 inches tall, brown-haired and with a mass of curly hair, despite his tallness, pleaded guilty in the superior court to the charge against him. He declared that he had been out of work again and was hungry. He further averred that he had intended to make good the check before payment on it was received.

Witnesses in his behalf he had none. The court held that he had not told "the truth, the whole truth and nothing but the truth," whereupon the sentence to San Quentin was imposed upon the luckless Roache.

The prisoner, in making his final statement to the court, declared that he had health, but was in great need of ability to labor, and that his heart had been weak ever since the occurrence of an incident several years ago in which he was on a shipwrecked boat off the coast of Florida and floated, with others, for five days and nights in a life boat, exposed to the elements and without food or water.

Roache also informed the court that he had tasted army life, serving for three years in the coast artillery of New Jersey. All of these things, however, failed to convince Superior Judge J. R. Welsh that the man was worthy of another opportunity and the application Roache had entered for probation was denied.

The prisoner asked that he be taken immediately to San Quentin, stating that he is "anxious to get in and get out."

**Tears May Take Boy Back to His Foster Mother**

TURLOCK, Oct. 27.—Oliver Hart, 7 years old, has been taken from Mrs. Axel Anderson, his foster mother of five years, and placed by the father with a Turlock family to rear on condition that his health continues good. If the child should break, however, from pinning for Mrs. Anderson, the little fellow will be returned to his mother by agreement of the father.

The change in custody of the child came out of a friendly habeas corpus suit. The child during the proceedings cried as if his little heart would break for the foster mother who had had charge of him since the death of Mrs. Hart five years ago. The experiment in changed custody will be reviewed by the court and the

commissioners, Ed Rose, E. B. MacPherson and Jack Albers, went into office yesterday as the result of one of the last actions of the late Supervisor Daniel J. Murphy, who appointed them at the last session of the board which he attended.

Investigation of the cost of modern chemical and force-pump fire engines began today by the commissioners and an inspection of apparatus suitable for the needs of this community will be made immediately.

Plans will be obtained for the purchase of a first-class machine to be driven by a motor.

James Brown and Mrs. Eva Roberts are charged with a felony in connection with the dope smuggling. The authorities are certain that Mrs. Roberts, who is 70 years old, was friendly with Martin, used Brown as a tool to get the opium to Martin.

Mrs. Roberts figured recently in the prosecution of a disorderly house in the city. Her many friends here are sorry to lose her from the social life of the city. Her many friends here are sorry in her new home.

Mrs. Victor J. La Motte, together with her sister, Miss G. D. La Motte, are sojourning at the present time in the south, at present being quartered in Los Angeles.

They plan to take up an apartment there for a brief time, enjoying the recreations offered.

Mrs. William H. Coffin and Mrs. William A. Coulter were joint hostesses at a brilliant bridge luncheon Tuesday afternoon at the San Jose Country Club, the affair being one of the social season and being in compliment to Mrs. Emma Leach of Burlingame. Nearly two dozen friends were gathered for the luncheon, among them being besides Mrs. Coffin and Mrs. Coulter, Mrs. Leach, Mrs. Walter H. Wood, Mrs. Louis Sonnisen, Mrs. W. W. Gray, Mrs. Harry A. Nichols of San Francisco, Mrs. Sutter of St. Louis, Mrs. Herman P. Hanson, Mrs. Frederick W. Meyer of Oakland, Mrs. William Palmer, Mrs. J. C. Blair, Miss Tessie Riehl, Miss Marguerite Riehl, Mrs. Samuel G. Tompkins, Mrs. Cora Hatch Johnston and Mrs. Charles Cole.

**Turlock Notes**

TURLOCK, Oct. 27.—Mr. Sweet of Modoceno county is in Turlock today looking for a suitable place to locate.

Mr. and Mrs. Oscar Monroe of Coloma are here for a few days with their family to view to locating the new home.

H. A. Gasberg of Los Angeles is in Turlock on business for a few days. He is much interested in this district.

Mrs. J. W. Wassum was removed from the Emmanuel hospital to her home, having recuperated from her recent operation.

C. L. Thompson, formerly owner of the Package grocery, has bought the Cochran store at 109 W. Main street and will possess November 1.

Mrs. Edwin Ulberg's Sunday school class of the Swedish Mission church met last night and made candy at the church to send to the missionaries in China.

Dr. Florence V. Cheney reports the birth of a son to Mr. and Mrs. Leslie M. Wall on October 24 at their home three miles east of Turlock. Mr. Wall is Dr. Cheney's brother.

Mr. and Mrs. W. N. Graybill left for Fresno on a combined pleasure and business trip. While there Mr. Graybill will try to make a settlement with the parties responsible for the injury received by his nephew, Floyd Graybill, near here some time ago in an auto accident.

## THE REAL MOTIVE EMERGES.

Gradually the motives of the leaders of the new charter scheme and the whole plot of county division are being exposed. To a few of the initiated they have been known for some time, but, due to the high regard for most of the members of the freeholders' committee, who plainly became allied with the ulterior purposes unconsciously and without choice, there has been a disposition to refrain from attack upon motives.

A few days ago this newspaper referred to the "political manipulators" who were urging the new charter scheme. Justification for the use of this phrase has come quickly. The only question is whether "political manipulators" does not imply too much of dignity and forthrightness.

At the meeting of members of the Merchants' Exchange of Oakland Tuesday evening, one of the leading advocates of the new charter scheme was both open and vigorous in his confession. Speaking of the new charter movement, he said: "This is our means to clean out our administration, to clean out the city hall!"

The same sentiment had been previously expressed by new charter advocates privately. This is the first outspoken promulgation of the real motive to be made publicly. It gives with painful accuracy the underlying ambition of many of the leaders of the new charter scheme—to get the present administration out of the city government and to put in an administration of their own choosing, which may truckle to their demands.

Now, THE TRIBUNE has often disagreed with Mayor Davie and the several administrations that have been associated with him. It will disagree undoubtedly on many acts of commission and of policy of future administrations. But it has always disagreed with the municipal government or endorsed projects of the municipal government on merit. This shall continue to be the policy of this newspaper.

And in the same spirit THE TRIBUNE considers the motives of the present plot to work a change in the system of government in Oakland. To think of fostering a scheme of such far-reaching and harmful significance as the division of Alameda county in order to bring about the withdrawal of the present municipal administration is the worst example of citizenship it has ever been our misfortune to observe. To attempt to camouflage the ambitions of a clique of political schemers as an effort to secure the adoption of a new form and method of government is an example of civic insincerity with but few parallels.

The mask now has been formally removed from the face of the new charter advocates. It is the "opportunity and the means" of changing the Oakland city administration! And by devious ways this plot has been made to engage the attention of every other municipality in the county. The fortunes and the destiny of every municipality in the whole East Bay district has been involved in this puny intrigue to accomplish by indirection an end that could not be attained when the issue was made perfectly clear.

Having faith in the moral honesty of the citizens of Oakland we do not believe the scheme will succeed. Citizens who might otherwise be opposed to Mayor Davie and his colleagues in the city government will reject a scheme that has for its prime purpose the ousting of an administration through obscurity and deception and which involves so many serious dangers to the common welfare.

The new charter scheme, having been revealed by the confessions of one of its chief advocates as saturated with political motives and the schemes of men who have been more than once repudiated by the people, must be condemned also on the score of civic uncleanliness.

## VITAL DIFFERENCES

marked by defiance and threats on the part of the leaders of the strike plan.

A general railroad strike will bring incalculable harm to the country. It will bring greatly increased distress to the always distressing winter season.

A strike now does not seem to hold the possibility of any benefit to either side of the railroad labor controversy. It has all the earmarks of folly and misdirected privations and hardships. It can cause, according to all indications, only loss to the organized workers, loss to the investors in railroad properties, and suffering to the 105,000,000 people who must occupy the role of onlookers.

In such a situation moderation, accurate vision, profound understanding, are sorely needed.

No party to the controversy can be excused, much less justified, in disregarding the general public. For it is the general public which must pay traffic rates, workers' wages and operators' incomes.

Government must protect the public as far as possible. The governmental machines must act quickly and effectually, if the occasion requires it.

## MR. HARDING TO THE SOUTH.

President Harding, in his speech at Atlanta yesterday, touched upon the race problem in the Southern States in phrases which certainly will long be the text for discussions and, we confidently believe, the basis for significant progress in solving that problem. It is impossible that the President's utterances will fail to give important impetus to consideration of the relations between the white man and the black man in those States where the Negro population is a considerable economic and social factor.

As a sermon on America's duty, the following paragraphs from the President's speech are commended to every citizen who reads:

"It is a matter of the keenest national concern that the South shall not be encouraged and make its colored population a vast reservoir of ignorance, to be drained away by the processes of migration into all other sections. That is what has been going on in recent years at a rate so accentuated that it has caused this question of races to be, as I have already said, no longer one of a particular section.

"Just as I do not wish the South to be politically entirely one party, just as I believe that it is bad for the South and for the rest of the country as well, so I do not want the colored people to be entirely of one party. I wish that both the tradition of a solidly Democratic South and the tradition of a solidly Republican black race might be broken up. Neither political sectionalism, nor any system of rigid groupings of the people will, in the long run, prosper our country.

"I want to see the time come when black men will regard themselves as full participants in the benefits and duties of American citizenship and when they will vote for Democratic candidates if they prefer the Democratic policy on tariff or taxation or foreign relations, or what not, and when they will vote on the Republican ticket only for like reasons.

"We cannot go on, as we have gone, for more than half a century, with one great section of our population numbering as many people as the entire population of some significant countries of Europe, set off from real contribution of solving our national issues, because of a division on race lines.

"With such convictions one must urge the people of the South to take advantage of their superior understanding of this problem and to assume an attitude toward it that will deserve the confidence of the colored people. Likewise, I plead with my own political party to lay aside every political program that likes to line up the black man as a mere political adjunct.

"Let there be an end of prejudice and of demagogery in this line.

"Let the South understand the menace which lies in forcing upon the black race an attitude of political solidarity.

"The greater hope, the dissipation of hatred, the discouragement of dangerous passions lie in persuading the black people to forget old prejudices and to have them believe that, under the rule of whatever political party, they would be treated just as other people are treated, guaranteed all the rights that the people of other colors enjoy and made, in short, to regard themselves as citizens of a country and not of a particular race."

"In this there are sound counsel, hope, vision, exhortation to justice and efforts at progress. The people of the South in particular will seriously ponder the President's words. There will be some too old to change and some too mean to want to change their views, but they will constitute a minority.

We recall no effort since the work the martyred Lincoln gave to make possible the emancipation proclamation which translates so much of serious purpose to dissipate the great reservoir of race prejudice and hatred which afflicts the American nation.

STRIKE DANGER INCREASES.

As the days of the current week have passed, the danger of a nationwide strike of the operative employees of the railroads has increased rather than diminished. Yesterday the conference before the Federal Labor Board in Chicago was

## NOTES and COMMENT

What it is to be made famous in story is illustrated in the case of Matt Peasley. Peter Kyne found the name attached to a seafaring man and endowed it with attributes and virtues that go to make up a hero. Though disclaiming most of these daring and romantic traits the bearer of the name is dined and unusually exploited. He is a sturdy follower of the sea, and is by no means unworthy of his honors.

A loyal son, through the Stamford Sentinel, corrects a reckless statement: "A southern California newspaper says that the first large cotton mill in the State is to be erected in the southland." Beg pardon. There is a cotton mill in Oakland that has been in existence over since the days of the early Oakland days used to sneak in and shotgun blues at the estuary, foot of Seventh street, and that wasn't yesterday by a darn sight."

King Charles might be thankful that the way of dealing with Austrian kings in a national cataclysm is not the way the Russians have. Being imprisoned in a castle, with a prospect of being sent to London to live, is not a fate that is as dire as that of the late occupant of the Russian throne, though it may be something of a comedown for a Hasburg.

Perhaps Elton of Texas should be expelled from the House of Representatives, but the rules which permit the inclusion in the Congressional Record of things that do not happen, and some things that do happen but need not be told about in an official way, by permission granted through "courtesy," seems to be ones which might be overhauled.

The Palo Alto Times is doing its best with the weather: "If precedent is any criterion, things look favorable for a good day for the date of the big game on November 19. The Palo Alto weather records for the past fifteen years reveal there have been two occasions when there was a trace of rain, one when there was a light rain, and one when November 19 scored a light shower at the hour set for the game. This seems to make the chances better than 11 to 4 in favor of a clear day."

John Hays Hammond's idea that if the disarmament party fails to disarm the nations, or to limit their armaments, the United States should proceed at once to build two warships to Japan's one, may be about what will have to be done, as it looks now. No chances can be taken, with diplomatic safeguards down.

The picture of the man whose offer of marriage to the Widow Hammon rejected, and commented on to the effect that she had married one hand-some man and that was enough, has appeared. It might be said that the widow is not finicky in the matter of pulchritude.

Burglars invaded Modesto and the newspapers of that town are biting thumbs over it. One paper "roasted" the police for not catching the burglars and advised that they pay less attention to enforcing the Volstead Act and more to catching burglars. The other paper demands that the police force enforce with equal efficiency the statutes made and provided against bootleggers and sneak thieves operating there. It seems to be a merry war, and so far bloodless.

## HOSPITAL IS PLANNED FOR DOPE ADDICTS

Anti-Narcotic Mass Meeting in S. F. Aims Death Blow At Traffic; Peril To Be Crushed in California Cities

SAN FRANCISCO, Oct. 27.—Establishment of a great hospital in the San Francisco bay region as a salvage depot for hundreds of dopes of the state, was endorsed today by federal, state, city and county officials meeting at the anti-narcotic mass meeting in the Civic Auditorium.

Terminating the nefarious habit-forming traffic like the "hydra-headed dragon of mythology which, with one head was severed, grew another in its place," Mayor James Rolph Jr. outlined a plan for a great hospital for dope addicts to be operated in connection with consolidated social service work.

United States Attorney John S. Williams, chairman of the meeting, Superior Judge Walter Johnson, of San Francisco, and Warren J. A. Johnson, of San Quentin prison, followed with addresses endorsing the plans. Other speakers were: Mrs. F. S. Sanborn, of the San Francisco Board of Education; Edward J. McNeil, of the American Legion; and Dr. W. E. Musgrave, of the State Medical society.

### STRIKE AT PERIL.

United States Attorney Williams declared that the federal, state and county officials are laying plans to strike simultaneously at the peril in every city and town in California. Dr. Musgrave proposed that treaties be negotiated between the United States and drug producing countries to limit the manufacture and export of narcotics.

He also declared that a large number of patent medicines containing habit-forming drugs were being sold without restriction.

Oakland was represented at the meeting by Deputy District Attorneys Frank M. Shea, Earl Warren and William Hennessey, County Detective George Helm and Commissioner H. C. Meader, of the State Board of Pharmacy, and others.

A complete scheme for a permanent anti-narcotic society was branched in every county was submitted by a committee of the organization of John O'Callaghan, president of the State Board of Pharmacy; Sheriff Thomas Sinn, of San Francisco, and Chief of Police McShay, of Sacramento.

Prosecuting Attorney William Hennessey, of Oakland, Clyde Seazey and Cornelius Kelly were named as a committee on resolutions.

### AID IS OFFERED.

Telegrams from Senator Hiram W. Johnson, Congressman Julius Kahn, Governor William D. Stephens, and others, offering aid and co-operation, were read.

The meeting was presided over by women of the American Liberty League who carried banners demanding that a blow be struck at the very source of opium and cocaine.

Lieutenant Colonel O. Lathrop, of Predection Headquarters, and Major D. E. Woods, of Lettermann General Hospital, represented the army.

United States Attorney Williams, in opening the meeting, declared that clinics in New York City and New Orleans, where drugs were dispensed to addicts, had proved to be failure.

Mayor Rolph declared that the drug traffic had been a sore in the soul of municipal administration in San Francisco since he became mayor ten years ago. He said every city in the United States had wrestled with the same problem and had failed to solve it.

### Vocation Students Will Display Styles

Fall styles in hats and costumes that will charm the work of women students in the special millinery and dressmaking classes, together with hat and costume designs, perspective and other free-hand drawing work, will make up an exhibit open to the general public at Vocation High School, Twelfth and Market streets, from 2 to 5 p.m. on Saturday.

A general talk regarding the proposed banquet was indulged in and the committee named by President Strom was asked to file a complete report at the meeting on November 2.

### Alleged Embezzler To Be Brought Here

Police Inspector Harry Orbell left this morning for Sacramento to have extradition papers signed by the governor to bring Carl G. Gryst, an insurance broker who is wanted in this city on a charge of embezzlement.

He was arrested several days ago in Modesto, Calif., on the warrant of the London, Germany and Accident Company, who claim that he embezzled \$175 of the company's money while acting as their agent in this city.

C. of C. Banquet  
Promise Success

Dr. Tully Knoles Will Give  
Talk To Be Followed By  
Music Program.

Reservations for the Oakland Chamber of Commerce luncheon tomorrow show that the financial interests of this city are planning to attend largely.

They are interested in hearing what Dr. Tully C. Knoles, an authority on economics, has to say on the subject of "The Present Financial Situation." Dr. Knoles, who is president of the College of the Pacific at San Jose, delivered a similar address at the national convention of bankers in Los Angeles recently.

A large number of women are also expected, for they are evincing more and more interest in the Chamber of Commerce luncheons.

Tomorrow's affair, the regular monthly gathering of the organization, will be held in the Ivory Room of the Hotel Oakland. The musical program will be provided by Mrs. Emmy Louise Linden, pianist. Their program will consist of Liszt's "Liebestraume," by Mrs. Linden on the piano, and Widor's scherzo and Debussy's "The Little Shepherd," by Linden, on the flute.

Commerce Chamber  
Plans New Booklet

ALAMEDA, Oct. 27.—Plans for printing a new Alameda booklet were considered by the Chamber of Commerce last night. It was proposed to publish 10,000 twenty-four page booklets containing twelve pages of press matter and twelve pages of illustrations. The committee consists of C. F. Scheitke, D. A. Eberly and John C. Stewart.

The directors voted in favor of proceeding with the Christmas Festival project and authorized the committee to participate with the other organizations. This committee consists of C. F. Scheitke, D. A. Eberly and W. R. Calcutt.

## IDLE 12 MONTHS IS BACK ON JOB

Ohio Man Lost a Year On  
Account of Stomach  
Trouble — Is Now  
Well and Strong

"Only a man who has to work for a living knows what it means to get back on the job after not hitting a lick of work for a whole year. I lost twelve months straight time on account of stomach trouble. One of the worst cases I guess any man had. Tanlue not only made me a well man again but built me up 15 pounds in weight. I am writing all my friends in other cities to tell them of the wonderful news."

The above statement was made by George S. Lowe, well-known employee of the Goodyear Tire & Rubber Co., living at 431 McGowan St., Akron, Ohio.

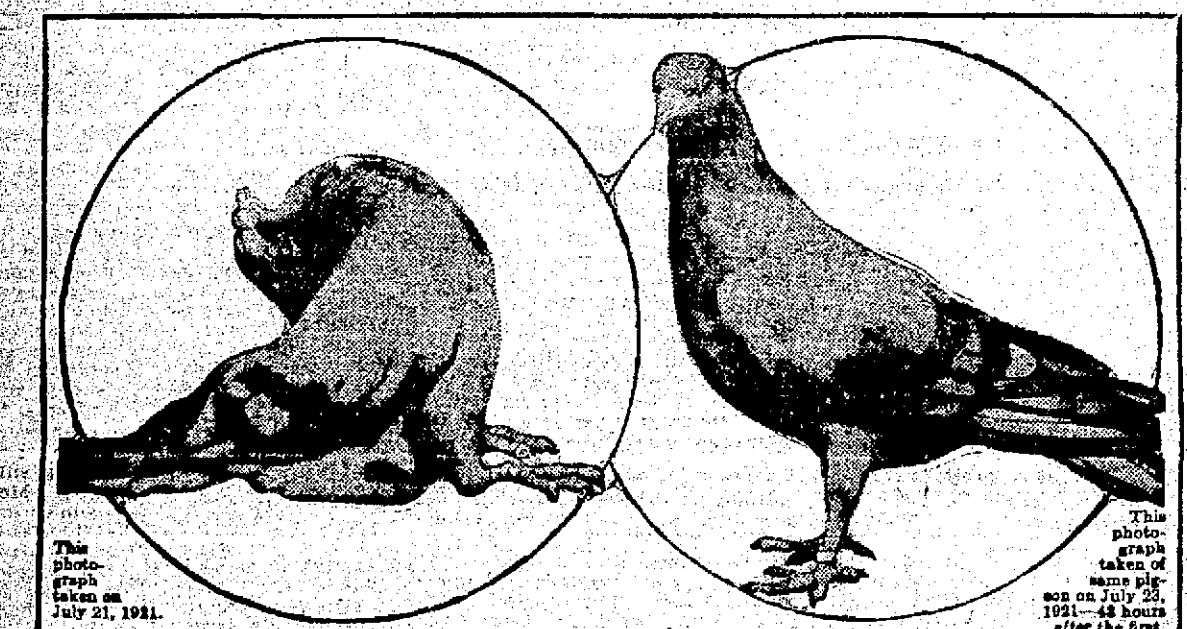

Tanlue is sold in Oakland by The Owl Drug Company and by leading druggists everywhere. — Advertisement.

## Just How A Stricken, Helpless Pigeon Was Brought Back To Full Health and Strength in 48 Hours

Amazing Scientific Test Shows Why Your Physical Development And  
Energy Depend Largely Upon Those Mysterious Food Elements—

The Vitamines—All Three of Which Are Now Combined  
In Mastin's Yeast VITAMON Tablets.

The photographs above are of the same pigeon—taken 48 hours apart. When the first photograph was made, the pigeon had been fed for three weeks with plenty of such foods as form a part of most families' everyday meals—butter containing no vitamines. Even though apparently getting enough to eat the pigeon became steadily weaker and the watching scientists did not believe it could survive another day. Then they opened the pigeon's bill and by force feeding gave it, in addition to the same kind of food, Mastin's VITAMON Tablets for two days, with the result shown in the second photograph. From a stricken, helpless condition and unable to even stand, the pigeon was transformed within 48 hours into a bird filled with life and energy, flying with the joyousness of health.

In Mastin's VITAMON Tablets were supplied, in highly concentrated form, the three vitamines (Fat Soluble A and Water Soluble B and C) in an active state such as Nature originally provided them in fresh yeast and certain raw foods.

What science proved by its test on this pigeon is being proved just as conclusively today by millions of men and women whose systems demand the health-giving vitamines which are so often lost in the cooking of many everyday foods.

### POEM IS USED IN REUNITING DIVORCED PAIR

SAN FRANCISCO, Oct. 27.—Mrs. Amy T. Huff and her little daughter, Theresa, are to return to Tucson, Ariz., to rejoin Thomas S. Huff, from whom Mrs. Huff procured an interlocutory decree of divorce some time ago but whose decree has been set aside at her own request. Huff, who was gassed in France, is being treated in the Arizona city for lung trouble. Mrs. Huff had secured an interlocutory decree charging that he had transferred his affections to another woman. A letter was written by the little girl to her father urging that the parents make up. Huff cut out a sentimental poem from a newspaper which he sent to Mrs. Huff. The poem, which is said to have been the success of an occasion, proved successful in bringing about a reconciliation in this case also.

### JUDGE CLAYTON TO TALK At Livestock Show

SAN FRANCISCO, Oct. 27.—Harry Cross, of Paterson, Cal., an attendant at the livestock show, is suffering from severe injuries today as the result of being gored by a bull at the show yesterday. One of Cross's lungs was punctured and he was found to be suffering from serious internal injuries, when taken to the Central emergency hospital.

### Loggers Advocate Reforestation Plan

SAN FRANCISCO, Oct. 27.—The twelfth session of the Pacific Logging Congress opened yesterday in the ballroom of the Palace hotel and the speakers advocated among other important points a national forest policy that will insure reforestation in the country and reforestation in the universities throughout the country. More than 200 delegates were present at yesterday's sessions. This is the first time the congress has met in California since 1915.

### Sun Cold, Dark Scientist's Theory

SAN FRANCISCO, Oct. 27.—That the sun, instead of being a mass of flame and heat, is a cold, dark body, is one of the theories advanced by Dr. A. McKay Jordan of Vancouver who is in San Francisco following the completion of a western tour in the interests of cosmic science. Dr. Jordan advances many other revolutionary ideas in the field of science, included among which is the statement that although food has always been considered the source of energy, there is actually no energy in food.

### Home-made, but Has No Equal for Coughs

Made a family supply of really  
delicious and nutritious syrup  
by preparing, and saves about \$1.

If you have a severe cough or chest cold accompanied with soreness, throat tickle, hoarseness, or difficult breathing, or if your child wakes up during the night with a bad cold, you will find help, try this reliable old home-made cough remedy. Any druggist can supply you with 2½ ounces of Pinex. Pour this into a pint bottle and fill the bottle with plain granulated sugar syrup. Or you can use clarified molasses, honey, or corn syrup, whichever you prefer, if desired. This recipe makes a pint of really remarkable cough remedy. It tastes good, and in spite of its low cost, it can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that means recovery. It is a natural remedy, the pilose, stops throat tickle and soothes and heals the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really astonishing.

Pinex is a special and highly concentrated compound of Pinus resinosa pine extract and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "2½ ounces of Pinex" with full directions and don't accept anything else. Give it a trial and you will be sure to give a definite satisfaction or money refund. — The Pinex Co., Ft. Wayne, Ind.

### Don't Neglect Your Skin

Ladies—A few days' treatment with CARTER'S LITTLE LIVER PILLS will do more to clean up the skin than all the beauty treatments in creation. An imperfect complexion is a constant source of trouble.

Carter's Little Liver Pills are easy to take—they are in no way distasteful—they will not upset the stomach—and they also keep indefinitely.

Carter's Little Liver Pills have shown the remarkable health-giving and nutritive value of Mastin's VITAMON Tablets in case of loss of weight, underdevelopment, or compunction, lack of energy, improper circulation and indigestion.

By acting in a natural manner they show surprisingly quick results in helping to put on firm flesh, clearing the skin and increasing energy.

Complete satisfaction is absolutely guaranteed or the small amount paid for the trial will be promptly refunded. Be sure to remember the name Mastin's VITAMON—the original and genuine yeast-vitamin tablet—there is nothing else like it, so do not accept imitations or substitutes. ### Witches' & Pirates' Story Den

Written by the Kiddies for the Kiddies.

LOIS PETERSON, 2635 Mathews St., Berkeley.

### IN A HAUNTED HOUSE

One day a party of girls and boys were out on a picnic in the woods. They were having a merry time. One of the boys who was with them was a crook. His name was Bill. Bill said: "Let's go this way toward the cave." As Bill was the oldest they all agreed.

Soon they were near the cave, so Bill said: "Let's go in and explore it." They walked all through the cave. Then one of the boys said: "Let's go back, it is getting darker in here." Just then bang! bang! and a crash! A group of men jumped from small holes in the sides of the cave. They all were so frightened they could hardly move. Then the men bound them with heavy cords.

The boys were trying to fight, but the others had guns.

Then they were thrown on horses' backs and brought to a haunted house. These men had made the place haunted. The men went to another room and talked. Then a group of ghosts came out and made them all stand in a straight line. Then the ghosts said together in a moaning voice: "Give me your money and your jewels!"

One of the girls had a ring which was given to her from a friend who she did not know. This ring had a secret back on it. But June did not know it.

June looked at the ring which she did not want to part with. A picture formed in the ring. Then some words "Do not be afraid. Put the ring in your pocket."

June was brave and bright. June said in a stern voice: "Ghosts or no ghosts this place is full of hot air!"

The ghosts looked at one another in amazement. Then the leader brought June in a room with a tank of blood in it. The leader said: "You shall get killed and thrown in to that room."

Then he brought her to a room with bones, blood-stained knives and daggers. The leader locked her in that room.

June looked around and saw a woman hanging in the wall with a dagger through her heart. She took her hand from her pocket and looked at it. It said, "Open the lock here in this ring."

June began looking for the lock on the ring. At last her finger ran over a bend. It opened. Out flew a fairy. "You wish?" June answered in amazement. "Take that woman down from the wall and make her alive."

The woman began to move. June said, "American we get out of here?" The woman said, "Follow me quietly." They went through a long passage which led out of a tree. June thanked the woman and disappeared.

June ran through the brush and thorns. With torn clothes she ran through the city to a police station.

She pulled some policemen by the hand. The police did not know what was going on. They followed her.

She then came to the house. They followed June in tip toe. The ghosts were talking to the girls and boys what they were going to do with them. Then the police said, "Hands up, ghosts." The ghosts turned around. The police got so frightened, the their half stood straight up. But June said, "Ghosts or no ghosts, hands up." She pulled off their masks and found they were robbers that robbed the bank.

They all then home quickly to tell their parents of the exciting story.

#### "IF I WERE KING."

"The sun do move."

Here is wisdom from Mexico:

"I would rather teach my people the use of the toothbrush and the bathtub than that of the 44-calibre gun," so says Obregon.

Sometimes I think out of any situation when a people half-civilized, half on the hig her plane, comes to be examined, and when a man is found who knows about this problem, there are some things we could find use for in our "Land of the Free and the Home of the Brave."

Our cities are swarming with candidates for toothbrush and bathtub manufacturers. Out in the country there are many who need the same kind of teaching and practice. Why waste so much time on firearms?

There is a secret lure in the traditional methods of kings and dictators. I forget who it was said that every man is a believer in the right of kings—provided he himself could be.

So when he came to the house, they followed June in tip toe. The ghosts were talking to the girls and boys what they were going to do with them. Then the police said, "Hands up, ghosts." The ghosts turned around. The police got so frightened, the their half stood straight up. But June said, "Ghosts or no ghosts, hands up." She pulled off their masks and found they were robbers that robbed the bank.

They all then home quickly to tell their parents of the exciting story.

RAISING BREAD DOUGH.

In very warm or very cold weather it is often difficult to maintain an even temperature in which to allow a bread dough to rise. If a sponge is set at night, it should be kept at ordinary room temperature (60° to 75° F.), depending on how long it is to stand, says the United States Department of Agriculture. Whenever a dough has been prepared (as distinguished from a sponge) the temperature should be at room temperature (60° to 68° degrees F.). A good way to ensure an even temperature in either case, it is suggested, is to set the sponge or dough in the fireless cooker, using a thermometer to start with, to determine the temperature when the dough or sponge is set.

ENTIRE EGG OMELET

Break six eggs into a bowl, omitting the whites of two. Add a little salt and pepper and a tablespoonful of butter cut in little bits. Beat well and pour into a hot, shallow omelette pan, in which two tablespoonsfuls of butter has been melted. Stir with a silver spoon one way until the mixture begins to firm and set, then, with a fork, draw the cooked edge to the center. When done, fill, fold and brown a minute under the broiler. Then garnish and serve.

GOOD RECIPE FOR HARD SOAP

To one pound each of lye add one quart of cold water and a half cupful over. Be careful not to inhale the fumes. Stir till dissolved, and let stand until perfectly cold. Warm five pounds of olive grease until soft

enough to run—not hot, just melted; add a tablespoonful of powdered soap and pour into the cold lye gradually stirring all the time. Add a cupful of ammonia, still stirring, as the more you stir the whiter the soap will become. Line a shallow box with paper and pour in the soap. As it begins to harden cut in cakes of convenient size. Leave to ripen, the longer the better.

Actions speak louder than words, they say.

Perhaps—to the deaf and dumb.

My husband always wears his hat on one ear.—G. Mc.

My husband brings home Chinese lily bulbs—one big one and two little ones.

What does your husband do?

Enough to run—not hot, just melted; add a tablespoonful of powdered soap and pour into the cold lye gradually stirring all the time. Add a cupful of ammonia, still stirring, as the more you stir the whiter the soap will become. Line a shallow box with paper and pour in the soap. As it begins to harden cut in cakes of convenient size. Leave to ripen, the longer the better.

# EASTBAY SHARES IN EXPANSION OF BUILDING WORK

## BUSINESS & FINANCE

### RAILS AND OILS WEAKEN BEFORE STRIKE MENACE

**PURCHASE** by the East Bay Water Company of the Union Water Company, consisting of 17 pumping plants, 103 wells, 11 storage tanks and 112 miles of pipe, none of which are more than 11 years old, confirming the statement that the company was started in 1910. There are 419 water services in operation on the company's lines in San Leandro, Elmhurst and Foothill.

Twelfth District Reserve Bank Shows Leadership Here; Berkeley Honor.

Expansion of building activity is noteworthy in the industrial field in the Twelfth Federal Reserve District.

John Perrin, federal reserve agent said in his report for September, made public today. In this and in other features of the report the East Bay figured conspicuously. September building returns from twenty principal cities reached the highest point since 1917, with the number of permits 19 per cent and their value 11.6 per cent greater than the corresponding totals for September, 1920," the report said.

Oakland's increase in September, 1921, same month last year was 49.2 per cent and that of Berkeley 56.6 per cent. Perrin's report shows these figures being comparable. Los Angeles, on the other hand, fell below the district average with an increase percentage of 18.8. Com- plications of the oil and steel markets were 11.9, 11.7 and 11.5 per cent, respectively.

Consolidation of the plants of the two companies will take place immediately and arrangements have been made for the amalgamation of the distributing systems in view of working the properties as a single

**DISSOLUTION** of the two companies was agreed to several weeks ago by the State Railroad Commission after a thorough survey of the properties.

Treasurer Richardson, at 2 o'clock, was at place the whole block in the hands of the highest bidder. So keen has been the competition for bond issues, including municipals that strong premium offerings were not to be expected. The bid was made in advance that most of the bids would be made by syndicates associated with eastern bankers.

**NATIONAL OIL OUTPUT SHOWS LARGE DECLINE**

The daily average production of oil and gas for September in September amounted to 1,115,622 barrels, a decrease of 103,511 from August.

Production for September was 95.4 per cent less than the August figure, a decrease of 1,420,000 from August, 1920. Combined stocks of domestic and Mexican oil at September amounted to 17,127,000 barrels, an increase of 1,637,000 over August.

**REVERSAL IN GERMAN MARKS IS FEATURE OF DEALINGS IN FOREIGN EXCHANGE**

NEW YORK Oct. 27—Overnight developments in the railroad labor situation invited an extension of the short interests in the early stocks of today's stock market. Railroad stocks were less than those of the industries and speculators had turned the recently rally. Oils, steel and equipments gave way, fraction and equipment, in particular, being put into play. The market was heavy. A moderate reversal in German marks featured the early dealings in foreign exchange.

# The Acid Test.

## What per cent of profit?

Ask "Do I pay downstairs rent or upstairs rent on this new suit of clothes?" ---that's a good test.

Ask "Do these clothes come through middlemen and jobber, or direct from the maker?" ---that's a good test.

Ask "Do I get a verbal promise, or a written GUARANTEE of SAVINGS?" --that's another good test.

Ask "Do you sell 3,000 suits per year, or 300,000?" ---that's also a good test.

**BUT—Ask "What per cent of profit?" —there's the acid test!**

FOREMAN & CLARK clothes are sold on the narrowest margin of profit known in the clothing industry. We are NOT content to keep COSTS down--we keep PROFITS down also. During an entire year our average profit on a suit or overcoat was only 56c!

**Trade upstairs and Save <sup>at least</sup> \$10**

Thousands of the newest fall and winter garments. Hundreds of different styles. All new, all good. Come and see them. Come and find out how we do "what couldn't be done." Let us show you HOW and WHY we deflate the clothing business, cut out the go-betweens, lessen the cost of manufacturing, DISTRIBUTION and SELLING—and bring you guaranteed savings of \$10, \$15 or \$20.
